CYBER SECURITY VULNERABILITY ASSESSMENTS

CH Insurance recognizes the growing threat of cyber-crime and has partnered with Cyber Defense Institute, Inc. (CDI) to help keep your company secure and protected from cyber criminals, data breaches, and malware.

Cyber Defense Institute (CDI) provides a Website Security Assessment and (1) one year Malware Detection Service to help protect your organizations' information.

Other Services provided by CDI include:

- HIPAA security and PCI Compliance Audits
- Formal information security Risk Assessments
- Internal & External Network Vulnerability Assessments
- Wireless Network Vulnerability Assessments
- Penetration Testing
- Security Policies and Best Practices
- Staff Security Training

As a valued partnership with CH Insurance, the fee of \$500 for one web site will be reduced to **\$400 for clients of CH Insurance.**
